

PULSE MANIFESTATION WORKSHOP

PULSE Manifestation is an extraordinarily effective and easy-to-use tool that will empower you to create what you desire in your life and let go of what blocks you. PULSE uses the latest manifestation technology to help you step into the amazing person you were born to be. With PULSE you can create a new job, a perfect mate, financial abundance or whatever you choose.

“Within two months of PULSEing regularly for the additional money I would need to send my son to a small private college, I received a phone call which led to a large consultation project that covered my son’s full college costs. Within four months of PULSEing for my soul mate, I met the most amazing man. PULSE is my tool of choice to draw to me what I am asking for.”

E. Brown, CPA, Westchester, New York.

“I have pulsed weekly with my partner from a PULSE Workshop. From small things (getting rid of headaches) to large (improving finances), we have witnessed the power of PULSEing. Learn this valuable technique and change your life!”

K. Stangeland, Business owner and author, Westchester, New York

Once you have learned how to PULSE, you have a tool you can use throughout your life to consciously create in the present what you desire in the future.

This workshop will be taught by the co-developer of PULSE Manifestation, Janet Catalina MSW .

Sunday December 3, 2017
